FACILITIES, OUTDOOR.

(c) Drainage. A suitable method shall be provided to rapidly eliminate excess water. The method of drainage shall comply with applicable Federal, State, and local laws and regulations relating to pollution control or the protection of the environment.

There was standing water in two enclosures at time of this inspection. The enclosure for one tiger and one lion and the enclosure next to that with one tigon and two tigers. The sand had standing water in and around the shelter structures. A method of drainage needs to be implanted to keep the animals dry and comfortable.

Correct by: 10-20-11.

An exit briefing was conducted with the license.
