ANIMALS OF MONTANA, INC.

Type: ROUTINE INSPECTION
Date: 23-JUN-2021

2.131(b)(1) Critical

Handling of animals.

-A 17 day old female Mountain Lion was picked up at this facility in Montana by a transporter and driven in a vehicle to Florida. The Certificate of Veterinary Inspection states the Female Mt. Lion cub was born on 08-01-2020 and the issue date is 08-18-2020. The APHIS Form 7020 states the date of Disposition as 8-18-20. Both of the documents show the Mt. Lion cub as 17 days old when picked up and transported to Florida.

-Neonatal nondomestic cats of this age are not able to thermoregulate adequately. Additionally, their immune system is not fully developed and is unable to fight off disease and infection.

-Handling of animals must be done as carefully as possible in a manner that does not cause trauma, overheating, excessive cooling, behavioral stress, physical harm, or unnecessary discomfort. Correct by not transporting or providing for transport cubs less than 28 days old in the future.

-Correct from this day forward.

This inspection and exit interview were conducted with facility representative.
